Addressing Unmet Social Needs Builds the Foundation for a Healthy Child

Sarah Hemmer, MD, FAAFP

Adverse Childhood Experiences

Sun Moon Lee, MD, FAAFP

Developmental Screening in a Busy Clinic

CME LEARNING OBJECTIVES

- Integrate developmental screening tools into clinical practice.
- Evaluate patients for symptoms associated with trauma.
- Apply current recommendations for addressing/treating childhood trauma and identify patients requiring referral to mental health services.
- Incorporate screening for unmet social needs into pediatric visits.
- Support children and families with unmet social needs by directing them to appropriate community resources.
