

AAP-CA2 and First 5 LA Invite you to attend

Best Practices in Developmental Screening - An Inside Look

Free to Attend

Early childhood screening is an essential component of health supervision and provides a foundation for monitoring and supporting healthy physical, cognitive, and psychosocial development. Come hear from the experts, from the systematic approach of Regional Center clinicians and therapists, to strategies utilized by local pediatricians.

Funded by First 5 LA.

Join Us for Dinner on Wednesday, April 18 at 6:30 PM

This event will take place in Los Angeles at **TAIX FRENCH RESTAURANT** to encompass the service areas of Lanterman Regional Center, Eastern Los Angeles Regional Center, and South Central Los Angeles Regional Center. Lanterman Regional Center clinician Leslie Richard, MD, FAAP and special guests(Therapists) will discuss best practices in developmental screening, clinical cases and the referral process.
