As the COVID-19 pandemic continues, we maintain our commitment with all health care professionals in the field of pediatrics by delivering our conference via a virtual platform. We thank you for your support during these difficult times. Our planning team will reconsider and prioritize a return to in-person conferences as soon as it is safe to do so.

Use your smartphone camera to view this QR code and access the symposium website

FOR MORE INFO

If you have any questions, please contact AAP-CA2 Office, at (818) 422-9877, Monday thru Friday, 8 am to 5 pm PST or email chapter2@aapca2.org

DESIRED OUTCOMES

The presentational method for this activity will be Lecture with Q&A. This activity is geared to meet the educational requirements of Pediatricians. All Physician Specialties, Allied Health Care Professionals, and Nurses are welcome to attend. This activity will encompass the following desirable physician attributes: Medical Knowledge, Professionalism, Interpersonal & Communication Skills, Practice-Based Learning & Improvement and Systems-Based Practice.

At the conclusion of this activity, learners will:

- Consider mindfulness and meditation techniques to reduce burnout and promote resilience
- Gain information on the developmental process of the SARS-CoV-2 Vaccine in the context of the recent changes in the field of vaccinology
- Enrich their knowledge on the impact of the COVID-19 pandemic on school-aged children
- Gain knowledge on current management of common general surgical conditions
- Be able to identify the common causes of Arthralgias
- Be provided with strategies to address bias and microaggressions in their clinical environment
- Gain knowledge to address teenage suicide
