

Kenneth Zangwill, MD, FAAP

Chief, Division of Pediatric Infectious Diseases, Harbor UCLA Medical Center, Torrance, CA
Director, Infection Prevention and Control, Harbor UCLA Medical Center, Torrance, CA
Professor of Pediatrics, David Geffen School of Medicine at UCLA, Los Angeles, CA

Dr. Zangwill received his M.D. from Pennsylvania State University, completed residency at Children's Hospital of Pittsburgh, and served in the Epidemic Intelligence Service at CDC followed by ID fellowship at Harbor-UCLA Medical Center.

He is Chief of the Division of Pediatric Infectious Diseases and Director of Infection Prevention and Control at Harbor UCLA Medical Center. Dr. Zangwill is active on the inpatient general pediatrics and infectious disease services. His research focuses on clinical epidemiology and practice, phase II-V vaccine evaluation, antimicrobial stewardship, and economic analyses related to several clinical topics.

He is a member of the AHRQ study section on Healthcare Effectiveness and Outcomes Research and an ad hoc reviewer for several journals. He currently serves on the Executive Committee of the AAP Section on Infectious Diseases.
