

THE OFFICE OF ENVIRONMENTAL HEALTH HAZARD ASSESSMENT CHILDREN'S ENVIRONMENTAL HEALTH CENTER VIRTUAL SYMPOSIUM SERIES

Heat: Impacts on Children and Pregnancy

Please join OEHHA and the Children's Environmental Health Center for our next children's environmental health symposium series exploring the effects of heat on children and during pregnancy.

This four-session symposium will be highly interactive with opportunities to ask questions of the panel discussants and cover:

Session 1 (Pediatrics) Wednesday 4/5/23 11:15am-12:45pm
Pediatric physiology and the epidemiology of heat health effects in children
Register: <https://tinyurl.com/CEHC-HEAT-1>

Session 2 (Pregnancy) Wednesday 4/26/23 10:15am-11:45am
Pregnancy physiology and the epidemiology of heat health effects in pregnant people & their offspring
Register: <https://tinyurl.com/CEHC-HEAT-2>

Session 3 (Strategies) Date TBA
Strategies to combat health effects of heat in children and during pregnancy
Registration opening soon!

Session 4 (Warning Systems) Date TBA
Heat Health Warning Systems and Important Considerations for Children and Pregnant People
Registration opening soon!

For more information about the Children's Environmental Health Center and registration links for upcoming sessions, check our [webpage](#) or follow OEHHA on [twitter](#).
